This is an interesting of the 1910 census. It shows Wilson and WM living in two different households. Pete house is in between them. W.M. is married to Myrtle but she lies about her age and says she is 18. She was really 13 or 14 at this time.

Wilson is still Married to Mary who is also called Polly in another census. It is my understanding that Polly is a nick name for Mary.

According to this, Celia (Celia) and Henry had a daughter of 5 years when they were both 68 years old. In the 1870 census, Celia is 5 years younger than Henry. Here (1880) they are the same age.

Ben has a daughter named "Cela" after ^{Grand} Henry's wife "Cela."
